Landscape/Estate/Golf Course **HYDRAULIC LAWN ROLLER**

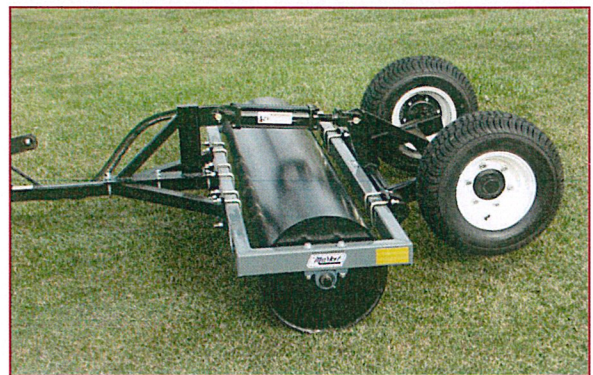

The MARKET COMPACT HYDRAULIC ROLLER is ideal for all those tight jobs.

The hydraulic lift wheels allow you to move the roller to the job without damage to the surrounding landscape.

Rollers are available in 4', 5' & 6' widths to suit your compact tractor.

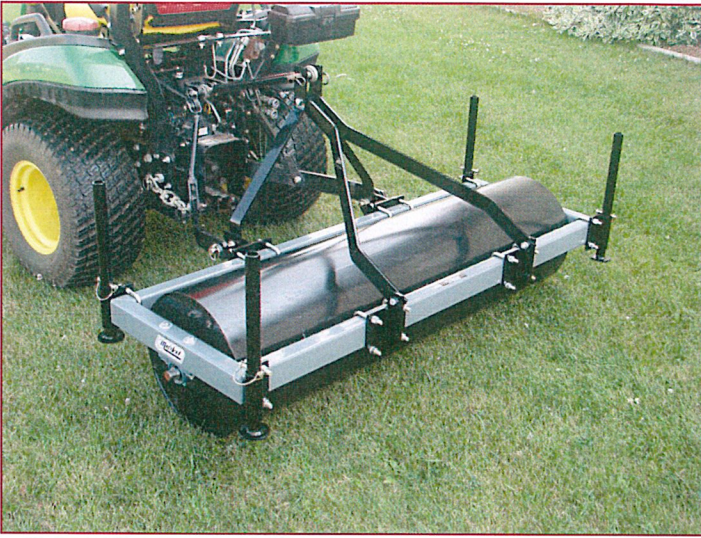

The powder coated dark grey roller frame is accented with a black heavy duty 16" steel roller, tongue & wheel kit. The roller is equipped with 2 filler ports for adding and draining water.

An optional manual ratchet is available for tractors that are not equipped with hydraulics.

Landscape/Estate/Golf Course **3 PT. HITCH ROLLER**

Our MARKET 3 PT. HITCH ROLLERS are available in 4', 5', & 6' widths.

The 16" diameter heavy duty steel roller is equipped with 2 ports for either adding or draining water.

The corner legs keep the roller off the ground when not being used.

The powder coated dark grey roller frame is accented with a black heavy duty 16" steel roller, tongue & wheel kit.

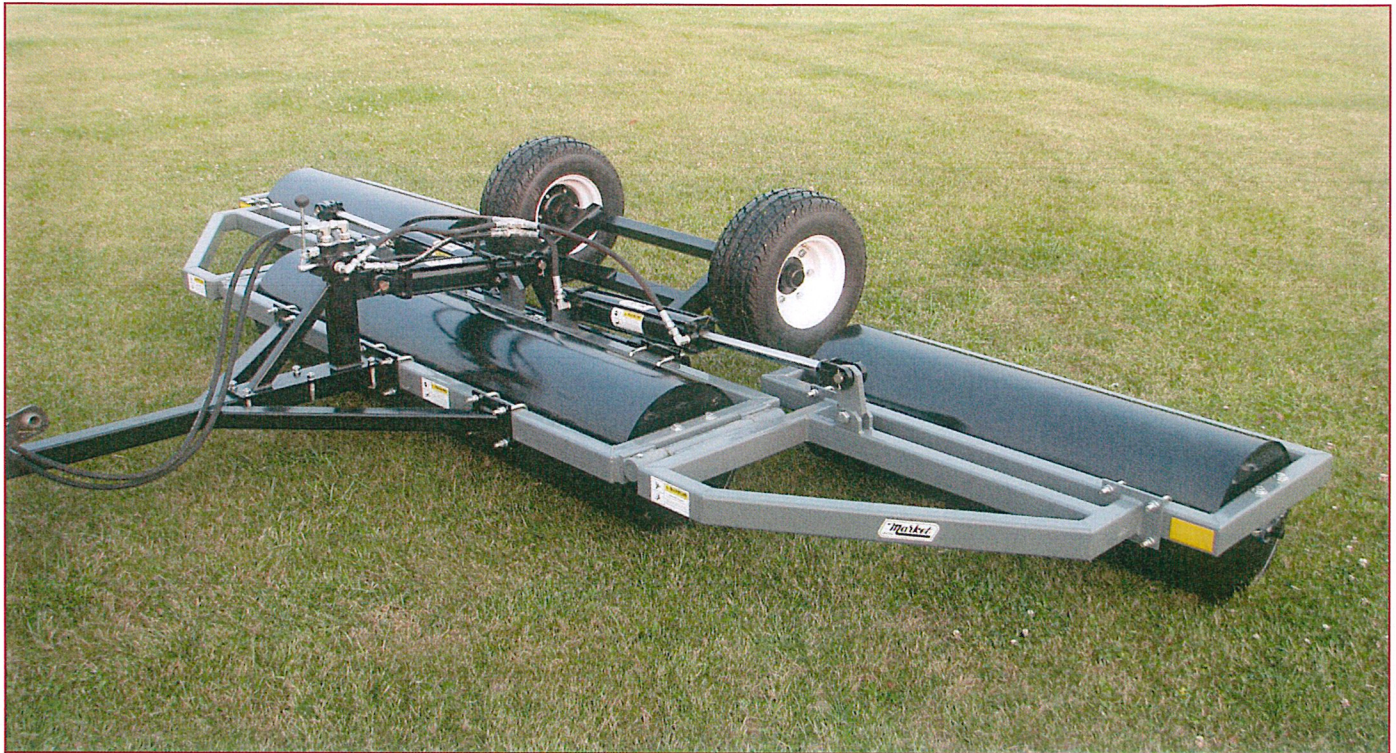

The MARKET 3 PT. HITCH ROLLER can also be used as rear weight to offset front end loader attachments.

The MARKET COMPACT ROLLERS are also available without the hydraulic wheel kit.

Landscape/Estate/Golf Course **HYDRAULIC FOLDING ROLLER**

The MARKET HYDRAULIC FOLDING ROLLER is ideal for large estates, sports field & parks.

The 13'6" working width gets the job done quickly and the 8'9" folded width allows the roller to be transported & stored easily.

This roller is equipped with hinged wings to follow the contours of the terrain. A double selector valve allows you to raise/lower & fold/unfold with one set of tractor remotes.

The hydraulic lift wheels makes moving from job to job easy without damage to the surrounding landscape.

Each 16" diameter heavy duty steel roller is equipped with 2 ports for either adding or draining water.

The powder coated dark grey roller frame is accented with a black heavy duty 16" steel roller, tongue & wheel kit.

Landscape/Estate/Golf Course **GREEN ROLLER**

The MARKET GREEN ROLLER is ideal for rolling golf course greens and tee blocks.

Rolling greens helps suppress diseases such as dollar spots, anthracnose & microdochium patches.

Rolling greens reduces turf stress for a healthier green, a smoother putting surface & increased ball roll.

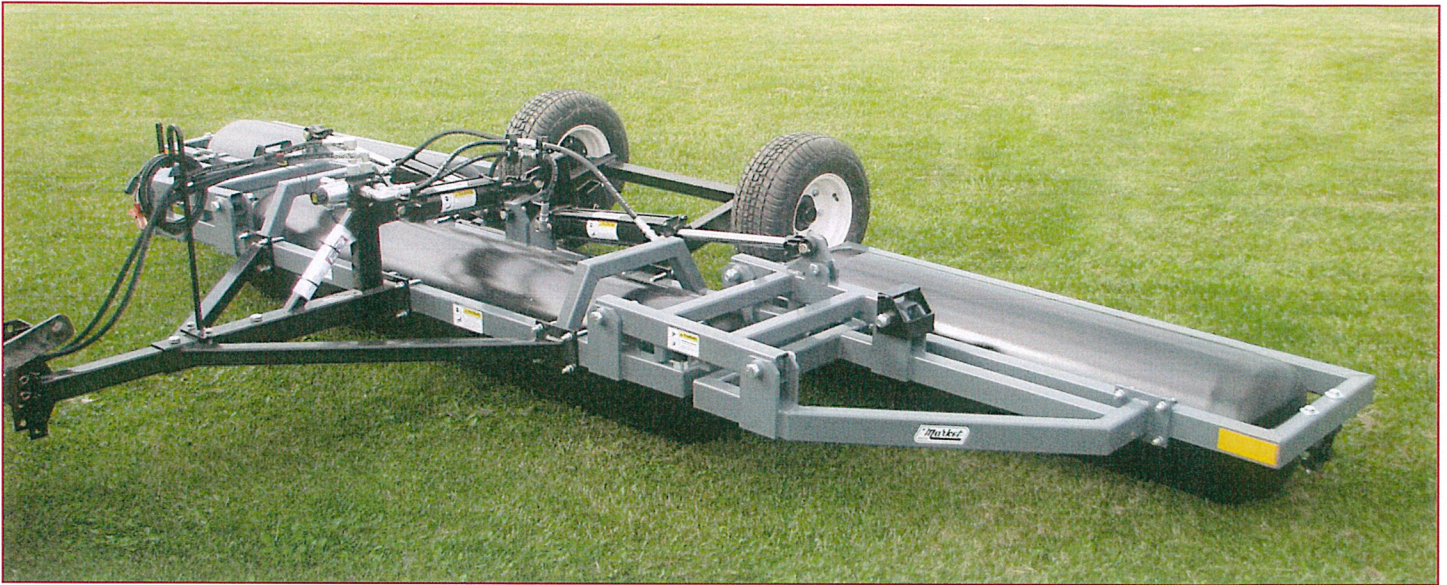

Standard features include a ratchet jack to raise & lower the transport wheels, a 2" ball coupler, 1-1/2" shaft & bearings. (An optional hydraulic cylinder is also available)

The powder coated dark grey roller frame is accented with a black heavy duty 16" steel roller, tongue & wheel kit.

Landscape/Estate/Golf Course **FAIRWAY ROLLER**

When time is money, the MARKET FAIRWAY ROLLER with a 15'1" working width, gets the job done quickly. The 8'2" folded width allows the roller to be transported & stored easily.

The floating wings allow the roller to follow the contour of the terrain.

An electric/hydraulic double selector valve allows you to raise/lower & fold/unfold with one set of hydraulic remotes.

The powder coated dark grey roller frame is accented with a black heavy duty 16" steel roller, tongue & wheel kit.

Landscape/Estate/Golf Course **ATHLETIC FIELD ROLLER**

An Athletic Field Roller is essential for a complete field maintenance plan.

Rolling can be valuable in improving the playability and appearance of sports fields by carefully firming and smoothing for better surface stability or "footing" on the playing surface.

Benefits include improved ball roll and skip for sports like soccer, baseball, lacrosse and tennis.

**OVERALL WIDTH: 93 inches
ACTUAL ROLLING WIDTH: 82 inches
DRUM DIAMETER: 16 inches
WEIGHT LESS TANK: 1350 lbs. (with water)
WEIGHT WITH TANK: 1800 lbs. (with water)
1-1/2" SHAFT & BEARINGS
2 FILL PORTS ON DRUM
ROLLER SWEEP**

Landscape/Estate/Golf Course PLASTIC DUMP CARTS

10 CU. FT. LAWN & GARDEN DUMP CART

The black plastic body is UV protected and has a 10 cubic ft. capacity.

The 10 CU. FT. DUMP CART is standard with a clevis style hitch. An optional 2" ball coupler hitch available.

The 3 PT. HITCH DUMP CART can be used in place of a weight box for balanced operation when using front-mounted attachments.

Our unique foot release latch (tow units) allows both hands to be free to dump those heavy loads.

30 CU. FT. BUSHMASTER DUMP CART

Landscape/Estate/Golf Course **2 TON UTILITY WAGON**

The MARKET 2 TON UTILITY WAGON features 1-3/4" spindles, 4000 LB. hubs & 20.5 x 8-10 6 ply low profile tires

Designed for its strength, this little unit works well behind your ATV, UTV or compact tractor.

Length is 72" & the width is 52" (outside measurements on the tires)

The wagon tongue is 53" long and is a clevis style.

An optional 2" ball coupler & longer reach tubes are available.

A rear hitch is standard for multiple towing.

Landscape/Estate/Golf Course **MINI WAGON**

The Market Mini Wagon is designed to carry the load with getting through those tight areas.

The 42" overall width allows it to fit through most doorways.

An adjustable reach tube extends the wagon's length from 48" to 60".

Heavy gauge steel frame with 3/4" axles & 15 x 6.00-6 floatation tires c/w graph-oil bearings.

The MARKET MINI WAGON can carry loads up to 1500 lbs.

A rear hitch is standard for multiple towing.

Landscape/Estate/Golf Course **FLAT RACK (for 2 ton wagon)**

A FLAT RACK is available for our 2 TON UTILITY WAGONS.

The front and rear racks are adjustable. Simply pull a pin to change positions.

We have also built a rocking bolster into the front of the FLAT RACK to allow for flexing on uneven ground.

FLAT RACK is 55" wide x 98" long x 27" high.

The sides have a full length tie down rail.

Landscape/Estate/Golf Course **UTILITY BOX (for 2 ton wagon)**

A UTILITY BOX is also available for our 2 TON UTILITY WAGONS.

Recycled plastic tongue & groove boards are fastened with countersunk stainless steel bolts & nuts.

The split tailgate opens to allow access to the box for loading & unloading.

Box & wagon dimensions are 50.5" wide x 74.5" long x 37.5" tall.

Designed for its strength, this little unit works well behind your ATV, UTV or compact tractor.

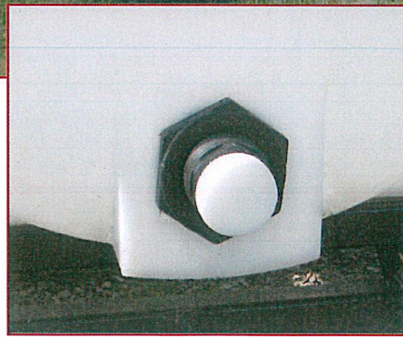

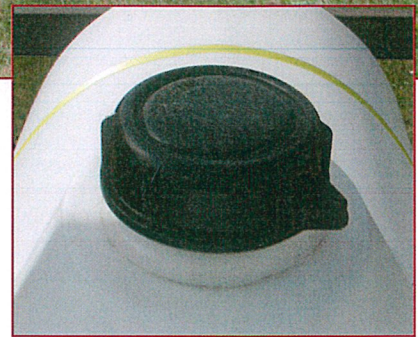

Landscape/Estate/Golf Course **WATER CART**

FRAME & WATER PUMP

2" DRAIN PORT

8" FILL PORT

The MARKET WATER CART features our 2 TON UTILITY WAGON c/w 4000 lb. hubs & spindles and a 300 U.S. gallon poly tank.

Ratchet tie down straps allow for easy tank removal.

An optional water transfer pump c/w a rear/front frame and a 25' input/discharge hose are available.

Landscape/Estate/Golf Course **WATER TRAILER**

FRAME & WATER PUMP

2" DRAIN PORT

8" FILL PORT

The MARKET WATER TRAILER features 4000 lb. hubs & spindles, 9.5 implement tires and a 300 U.S. gallon poly tank.

Ratchet tie down straps allow for easy tank removal.

An optional water transfer pump c/w a rear/front frame and a 25' input/discharge hose are available.

Landscape/Estate/Golf Course **BALE BURRO**

The MARKET BALE BURRO is available in two styles. Bales can easily be raised with either a hydraulic cylinder or manual brake winch.

A stop ensures that the bale does not go too far forward.

The MARKET BALE BURRO allows you to move bales with a compact tractor, pickup truck or a larger ATV/UTV.

The long bale fork & 2 lower short forks stabilize the bale for transportation.

Remember, "Those little jobs still have to get done so they might as well be fun."

FEATURES:

2" Ball Coupler

1000 lb. Hubs & Spindles

15" Wheels c/w ST205/75D15 Trailer tires

Heavy duty steel black frame

49" Bale Fork c/w Type 2 Straight Conus Sleeve

2-Short Stabilize Forks

Winch or Hydraulic Cylinder

**IDEAL FOR
HOBBY
FARMERS**

Landscape/Estate/Golf Course **3 PT. HITCH CULTIVATOR**

Our MARKET COMPACT CULTIVATOR is a 3 point hitch (Cat. 1) unit that performs a multitude of in-field tasks such as seedbed preparation, soil aeration and weed control.

Cultivators are available in 4', 5', 6' & 7' widths.

The compact design requires low horsepower allowing you to get those small acreages, test plots or gardens done in no time.

Powder coated grey/black frame.

The MARKET WEIGHT BOX adds up to 720 lbs. of weight for balanced operation while using loader mounted attachments.

The rear hitch receiver allows you to tow a wagon or trailer behind, making your compact tractor a real workhorse.

This unit is ideal for today's farmers and landscapers.
