

CROSS AUGERS

FEATURES:

- All planters are not the same so we custom build the CROSS AUGER to suit your planter.
- Available for most 4, 6, 8, 12 & 16 row planters.
- Heavy gauge 6" PVC tube with molded plastic hopper & discharge drops with shut-off slides.
- Auger includes 6 cu. inch motor with shut-off valve and all necessary mounting hardware.
- Conversion kits are available for steel CROSS AUGERS. (Changes existing style of auger over to a MARKET CROSS AUGER. Some modifications to hardware may be necessary.)
- 12' & 14' plastic vertical augers are also available to fill the CROSS AUGERS.
- 8" CROSS AUGERS are also available for certain applications.
- Besides corn planters, CROSS AUGERS can be used on tobacco planters, potato planters, seed drills etc.

"SERVING THE FARM INDUSTRY SINCE 1962"

FOLDING TRUCK AUGER

FEATURES:

- 6" & 8" augers available in 12' & 14' lengths
- Heavy gauge PVC tube & molded plastic spout.
- 180 degree swing from side to side for easy filling of planters and seed drills.
- Auger folds and stores vertically on truck rear for compact transportation.
- Flighting options include plastic, bristle or cupped steel.
- Optional telescoping downspout and electric shut-off valve.
