## 18' SINGLE AUGER SEED-FILL

New for the JD 1770  
CCS NT Planters.

### FEATURES:

- The sub-frame allows the auger to be supported off the main frame rather than trying to attach it to the catwalk or steps.
- From transport position to filling position in 30 seconds.
- The lids are able to open so that seed levels can be checked, with the auger in transport position.
- By storing the auger down the centre, it maintains the overall transport width of the planter. **IMPORTANT FOR SAFETY DURING TRANSPORT**
- Available with cupped steel or 5" cupped plastic flighting.
